Truth Respect Equality Excellence

Spring Term Interim Report Guide (Years 7-10)

Please do not hesitate to contact your child's tutor or subject teachers if you are concerned, in any way, about their progress. You can do this using the email format with the teacher initial followed by surname: ateacher@southdartmoor.devon.sch.uk

Attitude to Learning and Home learning Grades

'Attitude to Learning' grades and 'Home Learning' grades are reported using the same scale:

Exceptional	The student exceeds expectations of what is required of them on a day-to-day basis. He/she consistently takes full responsibility for their own learning and does all that they can to support and encourage the learning of others. Home learning is always completed to an excellent standard.
Good	The student consistently meets expectations in the area being reported on. Home learning is completed to a good standard.
Inconsistent	The student does what is expected of him/her in the main but fails to do so consistently in the area being reported on. Home learning is not always completed and / or to the expected standard.
Cause for Concern	There are significant concerns that need to be addressed as a matter of urgency in the area being reported on. The school will make contact to discuss ways to support improvement. Home learning is rarely, or not completed.
Absent	The student has been absent from the class for a significant period.

Reading Assessment and Standard Age Score (Reported in Years 7, 8 & 9)

Reading ability plays a significant role in a students' ability to make progress in their learning and to access information to broaden and deepen their knowledge.

We administer the NGRT from GL assessments to assess a students' reading age twice a year in Key Stage 3 (Years 7-9). Please follow the link below for further information:

https://www.gl-assessment.co.uk/assessments/products/new-group-reading-test-for-secondary/

This report includes the result from the first assessment, Test A. Summer reports will include a second assessment result, Test B:

Test	Standard Age Score				
Year 7 Test A	92				

The Standard Age Score (SAS) is based on the number of questions a student has answered correctly. The score is adjusted for age and placed on a scale that makes a comparison with a nationally representative sample of students of the same age across the UK. The average score is 100, so a score above 100 indicates above average reading ability and a score below 100 indicates a below average reading ability:

We want to share this information with parents and carers so that you are aware of how your child is doing with their reading which is likely to be a good indicator of their ability to access our full curriculum.

Where we feel that a reading age may not be a true reflection, we may administer a re-test. It is important to be aware that one single test may not produce a result that is entirely accurate, but over time, it is expected that a picture of reading ability and reading progress will be built.

For children identified as having a below average or low reading ability, in addition to the support offered by our curriculum and teaching, we will usually conduct further assessments, so as to inform appropriate interventions for individual needs.

Target Grades (Year 10 only)

For every student, in each subject, the school sets a 'Target Grade' for the end of Key Stage 4 (end of Year 11).

We start with a target generated by the <u>Fischer Family Trust</u> (<u>FFT</u>), a not-for-profit organisation that processes the National Pupil Database for the Department of Education and is the leading independent provider of education data for schools in the UK.

FFT look at the GCSE results of all students nationally from last year. They compare those students who got the same scores as your child when they were taking their SATs in Year 6 and use this information to set target grades for your child that are in line with similar students nationally.

We use the FFT20 benchmark for setting targets. This means if your child hits their target grade at the end of Year 11, they have achieved a result in line with other students in other schools that are making greater than average progress (20th percentile progress).

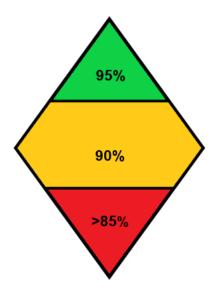

We then ask all subject teachers to review the FFT20 target grade and use their professional judgement to decide if it is a true reflection of the potential of each student in their subject. Teachers may then raise the target grade in their subject to make it more challenging and ambitious. This is the grade that is reported home and knowing this grade will help you understand your child's potential.

Grades for all GCSE targets use the 9 to 1 grading system with 9 being the highest grade. A guide to grading scales for non-GCSE subjects can be found below:

A *	А	В	С	D	E	F G]		
D2 M2		M2		P2		P1				
Level 2	Distinction	n Le	vel 2 Merit	Leve	el 2 Pass	l 2 Pass Level 1 Pass				
	D*		D2		M2		P2	D1	M1	P1
Level 2	2 Distinction Star	n l	Level 2 Distinctio		Level 2 Merit	Lev	el 2 Pass	Level 1 Distinction	Level 1 Merit	Level 1 Pass
		-						_		
	D*		D M			Р				
(Distino	tion Star)	(Dis	tinction)	(Merit)		(Pa	ass)			
U grade		Mear	Means the student is unlikely to achieve a pass grade							
X grade		Mear	Means the student is unlikely to have completed the course							

We also report attendance and praise / behaviour points:

Guide to Attendance

95%
47 LESSONS MISSED EACH YEAR
8 days in total or 1 week and 3 days
90%
95 LESSONS MISSED EACH YEAR
16 days in total or 3 weeks and 1 day
85%
142 LESSONS MISSED EACH YEAR
24 days in total or 4 weeks and 4 days

Guide to Behaviour

Our praise and reward system is built upon a strong foundation, which strongly links together our values, principles, student actions and recognition. We issue achievement points to reward and reinforce positive student actions, which underpin our values and principles. Students receive five praise points for every achievement point awarded. In addition, students may be awarded ten praise points for outstanding home learning.

Stepped Sanctions

We use a stepped sanction approach to provide students with the opportunity to recognise, own and alter behaviour they know does not support our school values. Students receive ten behaviour points for each lesson bridging.
