

## Beehive Breakfast provision

Dear Parent/Carer

We are very much looking forward to welcoming your child(ren) either back in September or joining us for the first time. As part of the provision we offer, there is the opportunity for students to access a free breakfast club. Usually the club is run every morning in its own room on the school site. However, due to current guidelines, in September we will be unable to offer the provision in this way.

From September we will continue to provide the "Beehive" breakfast club, but this provision will work via a booking system rather than a more ad hoc grab and go service. This way students can still receive a breakfast whilst maintaining the year group bubbles. Students who have booked will have a breakfast pack left for them in their tutor rooms, before the start of school ready to pick up during tutor time. We would hope to return to the usual grab and go system as soon as guidelines allow. We would like to invite your child to make use of this provision if it is something you feel they could benefit from.

If your child would like a breakfast pack left in tutor rooms for them on 1 or more days every week, please complete the attached [form](#). If you require a hard copy or have any questions please email me at [cmurray@southdartmoor.devon.sch.uk](mailto:cmurray@southdartmoor.devon.sch.uk).

Kind regards

Carol Murray
