

## South Dartmoor & Atrium Lateral Flow Testing Protocol Student Information sheet

### Testing venue: Sports Hall

#### Entering the test venue

- Students will line up from the Science block end of the Sports Hall. Students position themselves on the 2-metre crosses.
- Face coverings to be worn at all times.
- Students remain socially distanced at all times.
- Students will be called into the Ashmoor Centre reception to register. Students must not cross into the yellow safety box.
- Students will hand sanitise.
- Students will state name and will be given a bar code card from the registration table.
- Students will be directed by the registration staff into the Sports Hall.

#### Student waiting area

##### Registration desk

#### While in the test venue

- Students will stand on the 2-metre spots on the floor.
- Students must read the 'How to do the test' posters positioned on the notice boards to the right of the 2 metre spots.
- The Test Co-ordinator will direct students to the testing cubicles (1A – 1C and 2A – 2C).
- Students must read the step-by-step posters positioned within the cubicle.
- Students will carry out the test as directed by the poster and by the test assistants.

#### One-way system and testing cubicle example (1A)

## Exiting the test venue

- When the test is finished, students will read the cleaning protocol and clean the test area.
- Students will leave the cubicle and follow the one-way system, exiting via the fire exit door at the back of the Sports Hall (**Exit top left of the image below**).

## Processing desk protocol

1. Student must sanitise hands and pass barcode over to the staff member.
2. Student will:
  - Take off their face mask.
  - Use tissue and blow their nose.
  - Be given a swab.
  - Swab their tonsils for 3-5 secs each side and then their nose for 5 secs.
  - Place swab into a vial provided by the test processor.
  - Put face mask back on.
3. Student must sanitise hands, then sanitise worktop and wait until they are told they can go.

## Testing station layout within each cubicle
