Dear Parent/Carer

TEN TORS 2021 TRAINING

It is with much sadness that I write to confirm the cancellation of the Ten Tors training proposed for this year. Due to the ever-changing situation with Covid and having been put into another lockdown without a definitive end date, it is clear to see that the training season will be too heavily impacted this year. Although Ten Tors have not yet officially made a decision, I feel that with the current pressures on both staff and students, it would be detrimental to add any further commitments.

I am endeavouring to explore other opportunities to provide an alternative experience later in the year, which will provide much of the same skills through a certificated course. Details of this will come to you in due course.

All payments, including those who paid the additional payment for transport, will be fully refunded. Please be aware that this can take up to four weeks.

Thank you and the students for all of your support and enthusiasm. We can only hope that we are in a position to experience it next year.

Yours sincerely

Miss K Upton
