Dear Parent / Carer

RETURN TO SCHOOL & LATERAL FLOW TEST KITS

I hope that your son/daughter had a really good day yesterday at school. It was wonderful to have everyone back on site, in classrooms, learning. We had 95% of students attend, which is superb, and they were exemplary in following the safety routines and classroom expectations we have put in place. It is now important that we maintain these expectations on a day to day basis to ensure everyone's success.

On Friday, Lateral Flow Testing kits will be available for students to take home and you will have received a letter with more details. Over the past 10 days, we have carried out just under 3000 tests. All test results have been negative, which is reassuring for all of us. The pre-testing and home testing is a really important part of keeping our community safe and I am grateful for your engagement in this.

Many thanks for all your support, especially in helping your son/daughter prepare for their return to school.

Kind regards
