

22 September 2021

Dear Parent /Carer

FLU VACCINATIONS – 5 OCTOBER 2021

The information below is being sent to you on behalf of the Immunisations Team, if you have any queries please contact them via the information provided below.

Your child is eligible for a Free Nasal Childhood Flu Vaccination (this is administered by nasal spray).

Flu vaccination is one of most effective interventions we have to reduce pressure on the health and social care system which is going to be more important than ever this year. Protecting the vulnerable population through the winter months has never been more important. For this reason, it is essential we deliver the vaccine to as many young people as possible to prevent the spread of infection to those most at risk in society.

In light of the above we are expecting demand to be high and therefore we urge you to follow the below link to consent to your child's vaccination now.

<https://schoolimms.virginicare.co.uk/flu/2021/devon>

There will be a further communication sent out before this date with an additional link for consent for the COVID-19 vaccination which will also take place at the same time.

If you have any difficulties with completing the consent form, please contact the Immunisation Team on our Single Point of Access (SPA).
