Dear Parent/Carer

NETWORK RAIL – TRESPASSING ON RAILWAY LINES

We have been contacted by Network Rail with respect to helping to keep our young people safe. They have asked us to send you the following message:

Due to the very high level of trespassing on the tracks by young people in the local area, Network Rail in partnership with Learn Live are working to help raise awareness to students across the UK educating them about the dangers of the train tracks through interactive digital delivery.

Over 13 million students, parents and teachers from across the UK have watched the training videos which has led to a significant decrease in the number of trespasses in their area through watching the safety videos. The training video is less than 15 minutes and explains why it is important to stay safe near the tracks.

Please use the link below to access the free video. You will need to enter the following email railsafety@learnliveuk.com into the registration field when you first watch the video.

Secondary school version: Age 11-16
