

8 September 2022

Dear Parent / Carer

Class Charts

I hope that your child has settled in well after their first few days at South Dartmoor Community College. They have made a fantastic start with us and we are enormously proud of them already.

I would like to share some information with you regarding Class Charts, which is a programme that all our students and parents/carers need to be accessing regularly. Class Charts is an online system which teachers use to track achievement and behaviour throughout the school day. We are excited about this because we believe in working closely with parents and carers and Class Charts will allow us to further improve our communication with you. One of the key benefits of using Class Charts is that we are able to share securely your child(s) achievements with you and keep you up to date in real-time. You will be able to see your child's attendance, homework and their lesson timetable. It will also provide an opportunity for students to cash in their praise points in our online rewards store.

Each child has a unique access code which has been given to your child at school today. You will find that your child has been given two letters, which show you the login details for the student as well as login details for the parent/carer. Please follow the instructions that are attached in order to access the accounts. Links to the Android and iOS parent app and the student app are also available from the attached letters.

If you have more than one child in the school, you can enter additional codes directly into your created account.

Please do get in touch if you have any questions or if you are having any difficulties logging into your account. My email address is ncox@southdartmoor.devon.sch.uk or you can contact your child's Head of Year, Naomi Parker at nparker@southdartmoor.devon.sch.uk.

Yours Sincerely

Mr N Cox
Director of Key Stage 4
