

18th January 2022

Dear Parent / Carer

Impact Day – Friday 4th February

On Friday 4th February we are really excited to be holding our second 'Impact Day' for all students in Years 7 - 10. Impact days are part of the national Personal Social and Health Education provision, which has been a legal requirement since September 2020. We are looking forward to offering your child an opportunity to embrace topics which are not necessarily taught within the curriculum but nevertheless offer hugely important life skills, now more than ever with the impact of C19 on mental health and well-being. The day is aimed at preparing your child to be ready for the wider world; we are passionate about ensuring your child is equipped with the knowledge and vocabulary to be a valued member of our global community and to be able to make informed decisions about important aspect of their lives.

Y7 will be exploring a Multi-cultural Britain, The Equality act and breaking down stereotypes.

Y8 will be looking at LGBTQ+, identifying what it is, Homophobia and identifying how Homophobic attitudes be challenged.

Y9 will focus on looking after yourself physically – first aid as well as emotionally – and how to best manage emotions from anger to happiness.

Y10 will be looking at How to look after yourself and others in the virtual and real world by exploring honour base violence, forced marriage, keeping safe online, problems with Social Media

We hope your child has an impactful day.

Kind regards

D.Murray
