12 December 2022

Dear Parent / Carer

## YEAR 9 SCIENCE & ENGINEERING SHOWCASE FRIDAY 20 JANUARY 2023

It gives me great pleasure to invite your son/daughter to the Science & Engineering Showcase on Friday 20 January 2023, at Plymouth University. There will be a number of exciting and interactive experiences that will relate to our curriculum. The aim of the Science and Engineering Showcase is to raise students' aspirations in science and technology subjects and demonstrate how exciting STEM can be at A level and in higher education.

The event is a fantastic opportunity to enthuse our students and inform them of pathways into a range of careers within STEM. We will be based within the on-campus marquee, which will be filled with interactive exhibits from across the Faculty of Science and Engineering. Students can move freely between stands, spending time at the exhibits that are of interest to them. This offers a unique opportunity for students to talk with current undergraduate students, PhD students and academics about what it is like to study and work in STEM.

We will be departing South Dartmoor at 8.30 am and we will return at approximately 12.30 pm. Unfortunately, there are only 30 spaces for this event, so we will need to establish interest. Kindly complete the expression of interest slip below and return to either Mr Richards or Mrs Daemi-Rashidi by Thursday 15 December. If the trip is oversubscribed, we will select names randomly and then contact you to inform you of next steps, which will include giving formal consent over our online system - parentpay.

If you have any questions, please do not hesitate to contact:

Mr Richards (arichards@southdartmoor.devon.sch.uk); or  
Mrs. Daemi-Rashidi (gdaemi-rashidi@southdartmoor.devon.sch.uk).

Yours faithfully

*A Richards*

Alan Richards  
Teacher of Computer Science
