Dear Parent / Carer

RE: Year 7 Sparx and mathematics classes

The maths department at South Dartmoor are delighted with how well Year 7 have settled in this year and how brilliantly the students have done on their first Sparx homework.

All of Year 7 have now completed the Sparx baseline test and this information has been entered into the Sparx database which means that in the coming weeks the homework that each student receives should be pitched at exactly the right level for them to make the best progress.

Now that we have all the data from the SATs and baseline tests, the maths department will be reviewing the setting of Year 7, aiming to provide the best learning environment and access to the appropriate curriculum for each student.

Kind regards

Katie Holt
Mathematics Subject Leader
