Dear Parent / Carer

College Access Arrangements

Following last week's collapsed water drains at the front of the college, we have been advised that this access route will be out of action for the next few weeks until the repair has been made. We are sorry for the inconvenience and ask students and visitors to use the alternative gates on the other side of the Maths and English building.

Due to an incident last week, for health and safety reasons, please do not park vehicles in front of the English and Maths building to drop off and collect students. During bad weather, this area is heavily congested and therefore we need to ensure the safety of everyone on site. Thank you in advance for your co-operation.

Yours sincerely

Chris Tregidgo
Operations Manager
