

March 2024

Dear Parent / Carer

Student Finance Information Webinar – Monday 25th March, 5:30pm.

We have worked collaboratively with the University of Exeter to bring you an online information event regarding Student Finance applications in preparation for those planning to start university in September 2024. This event has been designed specifically to support our families who are beginning to navigate the next stage of university applications.

As a Sixth Form we believe in giving students from all backgrounds the opportunity to benefit from Higher Education. The cost of attending university can be a common area of concern for parents and carers of prospective students. We want you to be aware of the funding and support packages available to help towards tuition fees and living costs. This online session will explore all of this and help you in supporting your young person in progressing to their chosen university.

There is no cost for attending this event. Simply use the link below to sign into the session which will take place on Monday 25th March at 5:30pm.
