Empowering everyone to be the best they can be.

13 November 2024

Dear Parent / Carer

High Performing Academy – Visual Arts

Please find below details for the last of the visual arts sessions for the High Performing Academy this year:

Friday 15 November and Friday 22 November - Animation workshops with visiting illustrator/ animator Cecily Salt. These workshops will run from 1pm to 3.10pm and will be in school (At3).

Wednesday 20 November - A visit to Field Systems Gallery in Ashburton where we will be doing a free workshop, 'Man in the Wood', with visiting guest artist, Dr Martin Shaw. Although the trip is free, as this is an off-site visit, kindly **complete the consent form on Parent Pay**.

We will be leaving school immediately after morning welcome (0850) and will be back in school at 1105, in time for morning break. Students will not need a packed lunch for the visit, but are welcome to bring a snack with them. We will be walking into Ashburton together and students will need to bring their coats in case of rain.

I very much look forward to sharing the workshop outcomes with you at the up-and-coming High Performing Academy graduation in December. I am currently finalising plans for this event and will be writing to you with more details in due course.

Best wishes
John Bradford
