

# South Dartmoor Primary Music Centre 2025 – 2026

South Dartmoor Community College

## About Us: Our Philosophy

We believe that music making should be accessible for all and we would like to open our doors to more young people within our community. We are very lucky to be supported by an amazing team of Music teachers and Visiting Music Teachers who are as passionate about music as we are. We bring affordable and high-quality music making opportunities to our young people through a range of activities available thanks to funding from Devon & Torbay Music Education Hubs.

Our Music Centre is for primary school pupils in Years 4, 5 and 6. We cater for pupils who live in the South Dartmoor Community College catchment area, or those who attend a partner (feeder) primary school. Pupils from outside this area are welcome to attend if places are available.

## Choice of Instruments for Group Tuition:

### Violin

The violin is a perfect instrument to introduce primary aged students to playing a stringed instrument. From learning the violin, pupils can often move on to learning viola, cello or double bass and we offer a kick start programme for learning the cello at secondary age.

### Woodwind

Clarinet or Saxophone group lessons are available at the Centre. Learning a woodwind instrument, such as clarinet and saxophone, often leads to students progressing to other woodwind instruments such as the flute, oboe or bassoon.

### Brass

Bb Trumpet group starter lessons are available with our tutor, from this instrument students may be advised and encouraged to consider other brass instruments such as Trombone and Tuba.

### Orchestral Percussion

Students will explore our percussion suite which includes Timpani, Xylophone, Marimba and Glockenspiel and gain understanding through rhythm and pitch work within this setting.

### Guitar

This offer includes a starter group lesson on acoustic guitar and group tuition for students that are already learning guitar. We aim to develop our guitar ensemble and will provide instruments at the Centre for members.

### Next Steps Ensembles, new for September 2025!

Our Primary Music Centre has been open 2 years and we would like to challenge students that are *more* experienced players by creating next steps ensembles. There will be a small termly contribution for this and the offer will be dependent on applications.

## Why should my child learn an instrument?

- We have a fantastic team of Tutors covering many instruments and styles.
- Learning an instrument can improve your memory, stimulates creativity, teaches patience, enhances coordination, boosts confidence, improves listening skills, introduces new cultures and history and improves social skills.
- This will be an opportunity to meet new teachers and pupils from different schools.
