Dear Students, Parents and Carers

### **WeST Sixth Form's Supra Curriculum – Summer Conference 2025**

As a Sixth Form, we are excited to offer our students additional opportunities to develop their critical thinking and understanding of the complexities of the world around them, and build their confidence to challenge ideas and perspectives. The aim of all WeST Sixth Forms is to provide our students with access to powerful knowledge and academic experiences beyond the limitations of their own experience and beyond their course specifications. We hope to help to give our students the 'edge' through additional academic enrichment so that they are able to manage the demands of Higher Education and Training, and compete successfully locally, nationally and globally for the best Higher Education and Training opportunities and future employment.

This summer, we are delighted to be running our third **WeST Sixth Form Summer Conference**, hosted by Plymouth University, on Friday 20 June 2025. The programme for the day will include Key Note talks and three seminar sessions. I am delighted to say that all South Dartmoor Sixth Form students have made their selection already so do talk to your son/daughter about the choices they made. All seminars will be delivered by guest speakers, specialists from within our WeST schools and university lecturers. Alongside the seminars, Student Ambassadors and Support Services from Plymouth University will be on hand to give optional campus tours and answer any questions students may have at this crucial time about university life.

We are extremely excited to be able to provide this event again this year for all of our students and believe it will be a truly inspirational day for our young people.
