Empowering everyone to be the best they can be.

10 July 2025

Dear Parent / Carer

New Catering Provider

As of September, the college will have a new catering contractor. Aspens have won a Trust wide contract that will help unify our provisions, drive down costs and share best practice. A copy of the menu will shortly be added onto the school's website for reference. Having done similar with our last provider, time will be spent gathering student feedback, meeting with steering groups and discussing how we can ensure that the catering provision is able to offer locally sourced produce, extensive range of options, seasonal menu choices and reducing packaging, whilst being delivered at competitive prices. In terms of the payment systems, we will continue to use ParentPay which you are already familiar with using.

Please note that from September the Free School Meal allocation will increase to £2.85. This will enable students to be able to purchase the main meal of the day, a dessert or a drink.

Yours sincerely

Chris Tregidgo
Operations Manager
