Easter Revision

Dear Parent / Carer

Year 11 have worked tremendously hard this term and we could not be prouder of them. There is a real feeling of togetherness and, whilst the opportunity to recharge must be taken, the Easter holidays also provide an opportunity for students to further prepare for the forthcoming exams, as a part of a balanced break.

Personalised Easter Revision Packs

The English, Maths and Science departments have each prepared activities designed to support revision; to give students a focus and support for their independent studies during the Easter holidays. A printed hard copy of the revision pack has been given to students today. By giving students an extended period of time to complete it, they have the choice as to how to manage their time. Students are expected complete all of the work and hand their completed packs in on Tuesday 21 April, the second day back after the holidays. Teachers will mark all papers and use the results to identify any areas of the curriculum where students may need further support.

Homework

All other subjects will set homework tasks on Class Charts to help students with revision in a more structured way.

In addition, we would expect students to be revising generally for their up-and-coming public exams that commence on Thursday 7 May. To help students with their revision, you will find comprehensive support information on the revision section of the school website. [South Dartmoor Community College - Revision](#).

Thank you for your support this term. We hope you have a wonderful Easter holiday.

Best wishes

John Bradford
Assistant Headteacher
