Empowering everyone to be the best they can be.

27 April 2026

Dear Parent / Carer

RE: GREENPOWER KIT CAR EVENT

The Greenpower Education Trust is a UK based charity which gets young people enthusiastic about science and engineering by challenging them to design, build and race an electric car. Your child has regularly supported the Greenpower Kit car Club in school and we now have two vehicles that have been entered into the [Castle Combe](#) event on Sunday 31 May 2026.

The race event promises to be a fantastic day where the students' dedication to the club will be rewarded with them driving the kit car on an actual racetrack with other drivers for a chance to win The Spirit of Greenpower award.

I am hoping that you will be able to support the team with the logistics on the day of the race. **Specifically, transporting your child to and from the event** (it will be an early start!). Mechanical engineering support might also be required on the day. There is no cost for spectators and supporters. I have set up a Greenpower Parents WhatsApp group to aid communications and to arrange lift shares, etc. Please email me your number if you wish to be added to the group.

The program for the day is as follows:

07:30 Teams arrive/ Parents arrive with students at Castle Coombe Racetrack
08:15 Scrutineering opens
09:00 Team briefing
09:30 - 11:00 Practice
11:15 F24 line up
11:30 - 13:00 F24 Race 1
15:15 F24 line up
15:30 - 17:00 F24 Race 2
17:15 Final Ceremony
17.30 Parents transport students home.

Thank you in advance for your support.

Best wishes,

Des Stokes
GreenPower Team Manager
