

FOOD AND TECHNOLOGY

Welcome to the Food and Technology Super Curriculum. Below you'll find a whole host of things to do to stretch yourself beyond the classroom curriculum.

Use the following resources to enhance your understanding of the creative approaches found in Food and Technology.

It's summertime, a perfect opportunity to get creative, both in the kitchen and through design. In this month's Super Curriculum, the food section focuses on preparing and enjoying picnic food, while technology focuses on all things LEGO.
